

The logo for Canyon Star Network is a black rectangle with the text "CANYON STAR NETWORK" centered inside in a gold, serif font.

CANYON STAR NETWORK

*Joey Canyon and I have known each other since 2011, when we met to discuss his TV show “The Joey Canyon Show” at RFD-TV where I was SVP in charge of programming and acquisitions. Joey’s show idea was fantastic, and the quality so well done, that I was excited about adding the show to the line-up on RFD-TV that I included it to the prime-time line-up on Friday nights. His vision to create a full-time network has me excited to be working with him again as President of Canyon Star Network. This has been a dream and vision of Joey’s for years, and I have felt strongly that this network will draw lots of viewers wanting wholesome quality family lifestyle programming in the Americana culture and beyond. This type of programming is sadly lacking in our country and needs to be explored and expanded upon. Canyon Star Network will have great quality programming that keeps the viewer coming back for more. I am so excited to help lead the stellar management of Canyon Star Network and grow it into a house-hold name across America and beyond.*
